VERITAS

PRESENTING VERITAS 1979

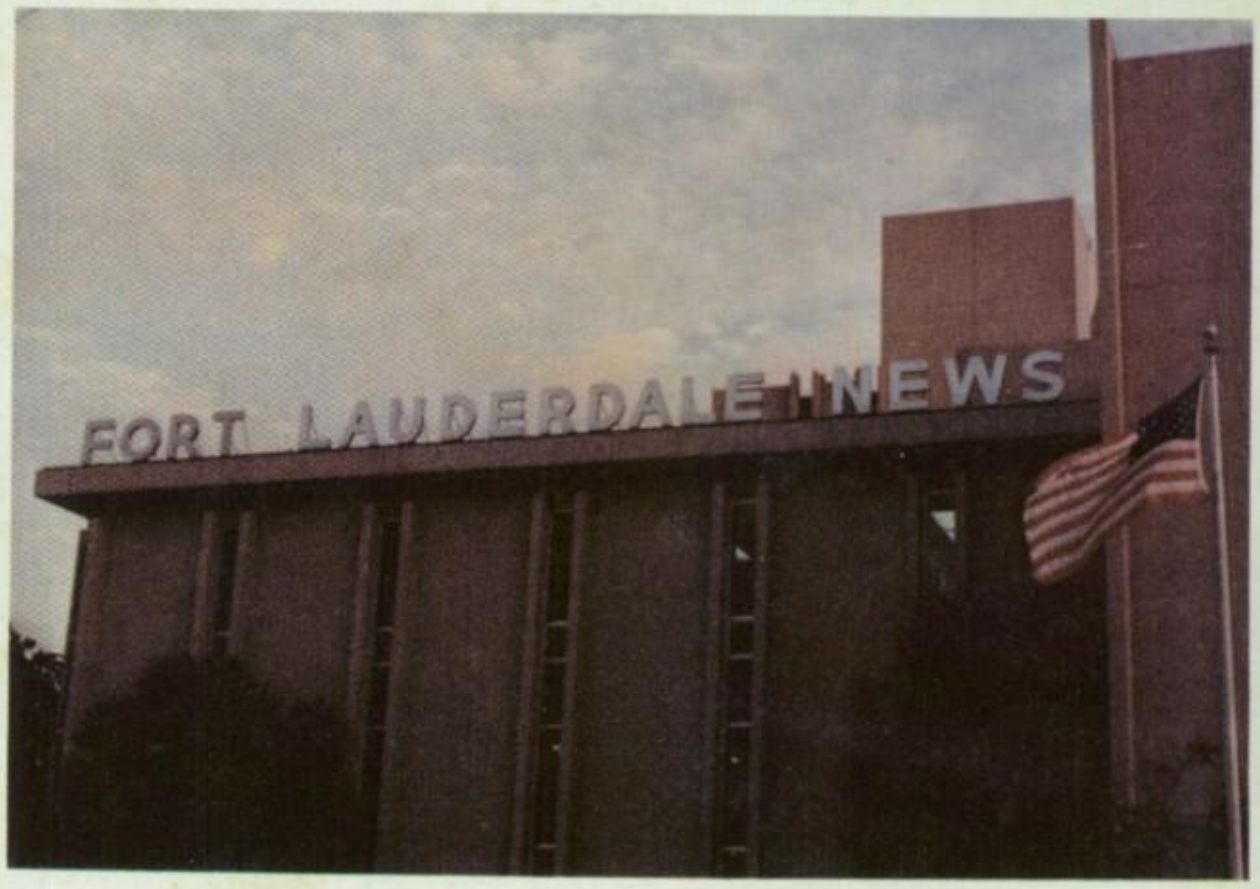

COMING TO YOU LIVE FROM
ST. THOMAS AQUINAS
HIGH SCHOOL
FORT LAUDERDALE, FLORIDA

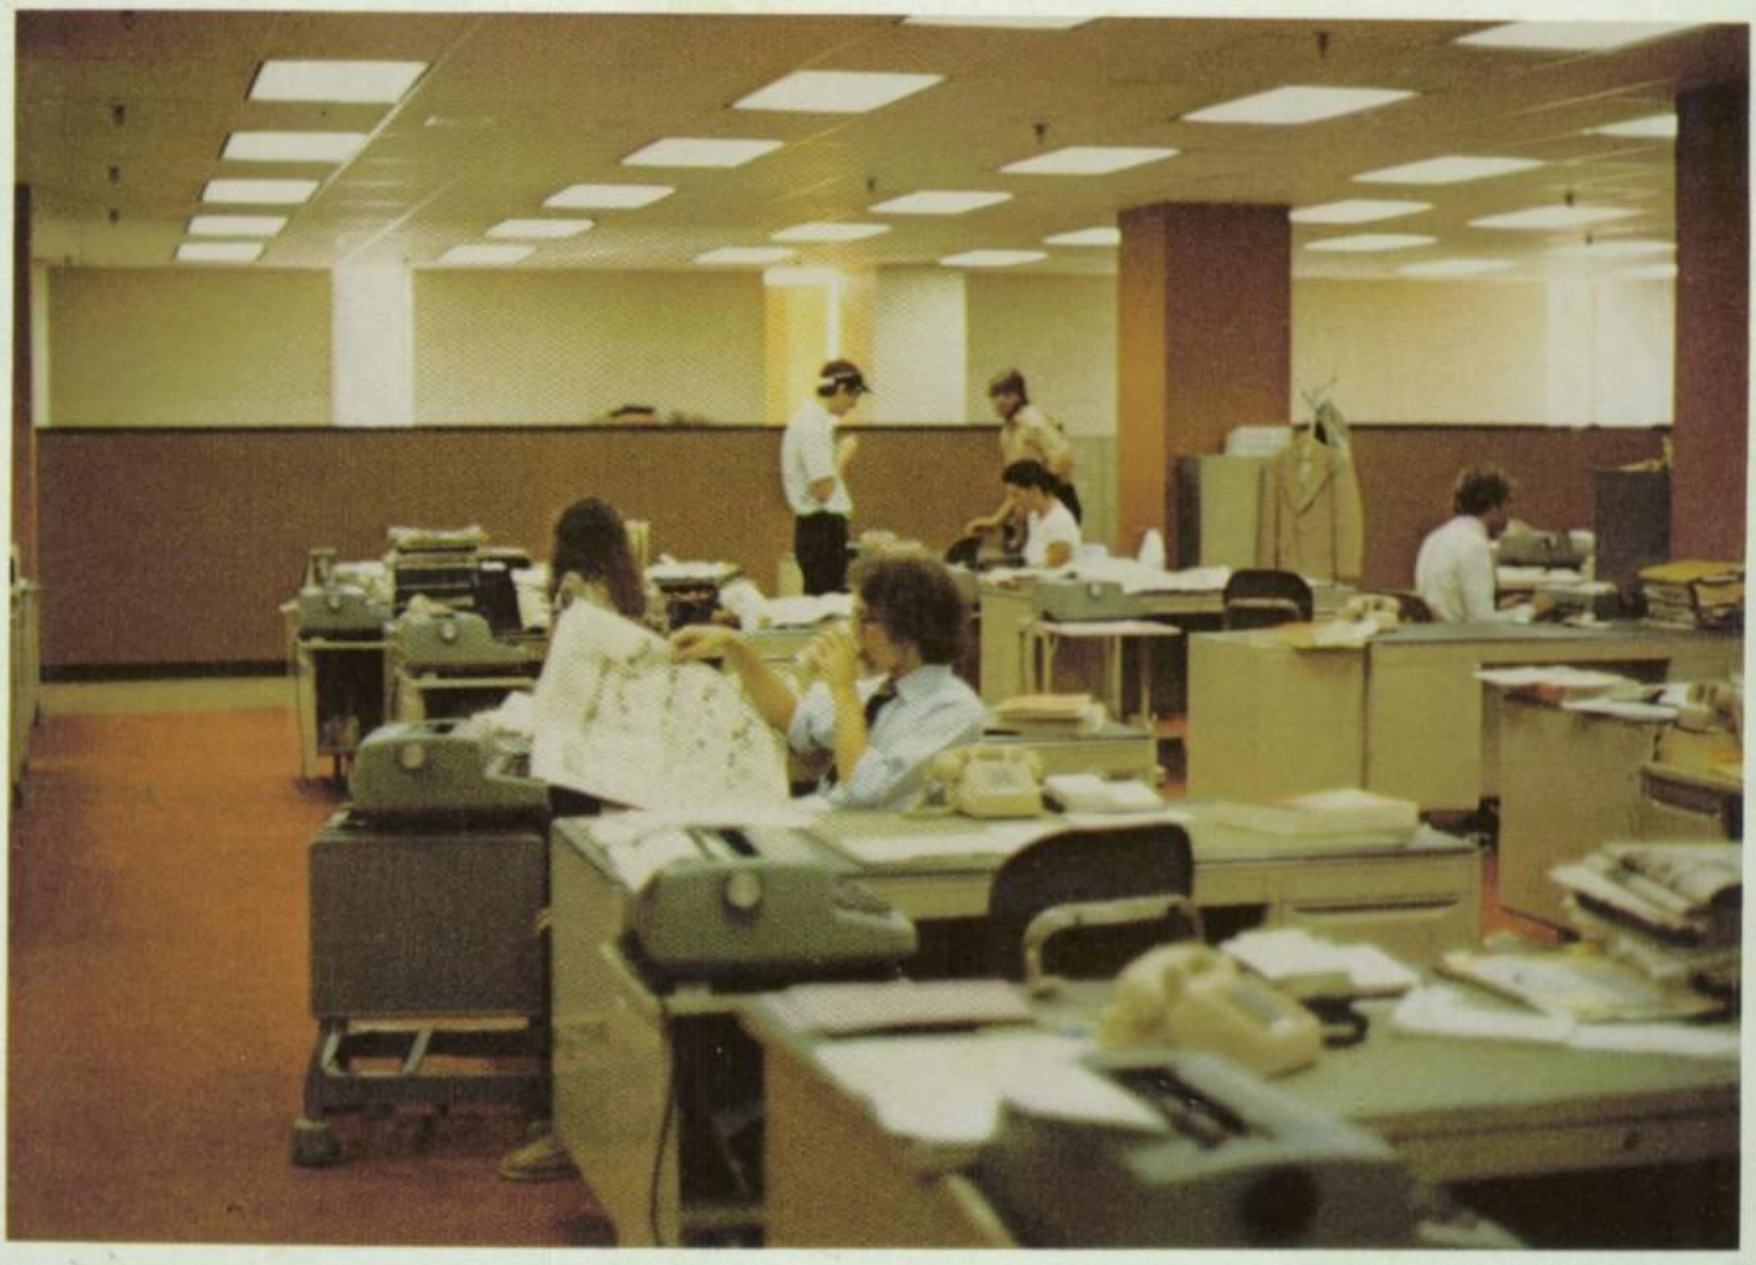

To Sister Laura,

who has consistently given of herself for the students of St. Thomas Aquinas, helping to mold young people into mature, upstanding women and men, this 1978-79 Veritas is lovingly dedicated.

as we try to keep up with events of the day
communication prevents us from going astray

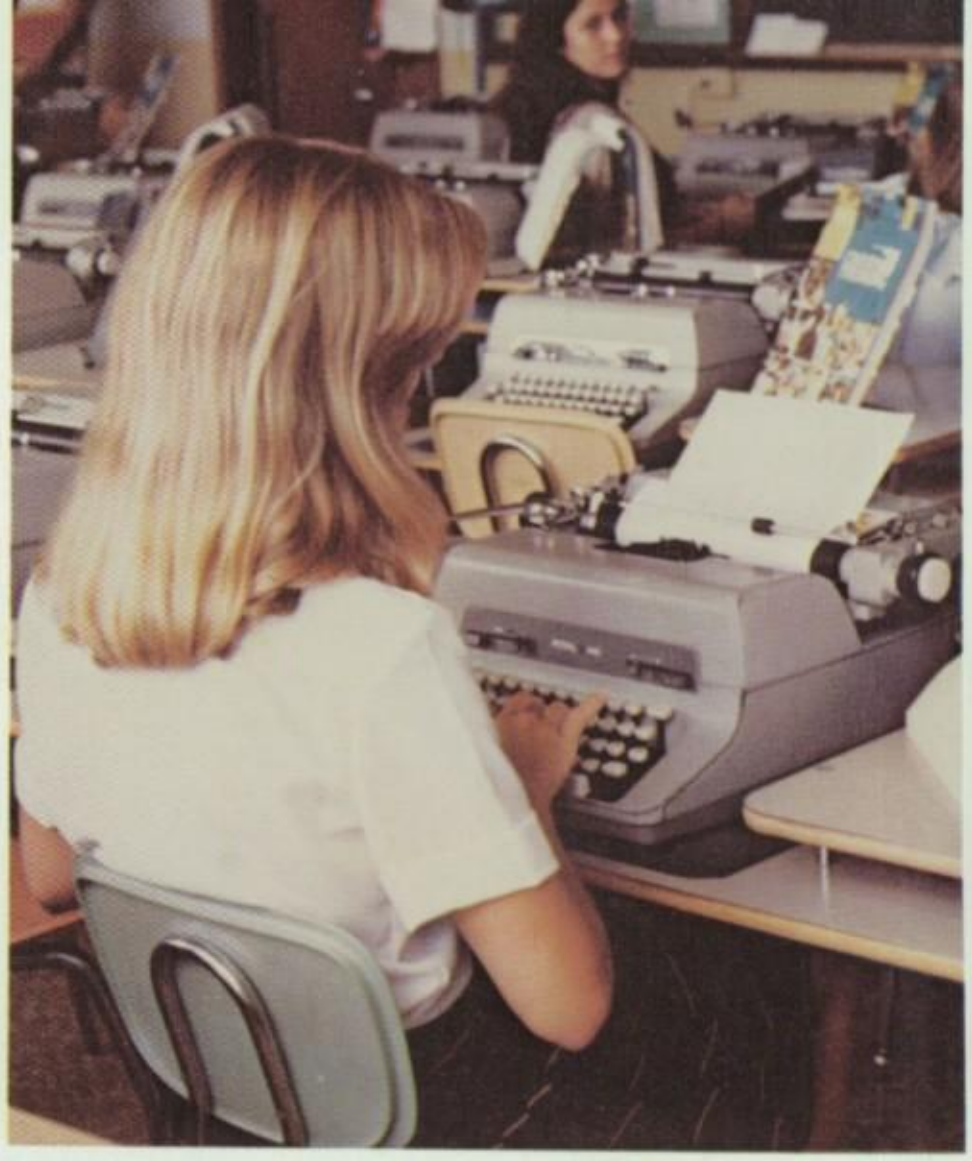

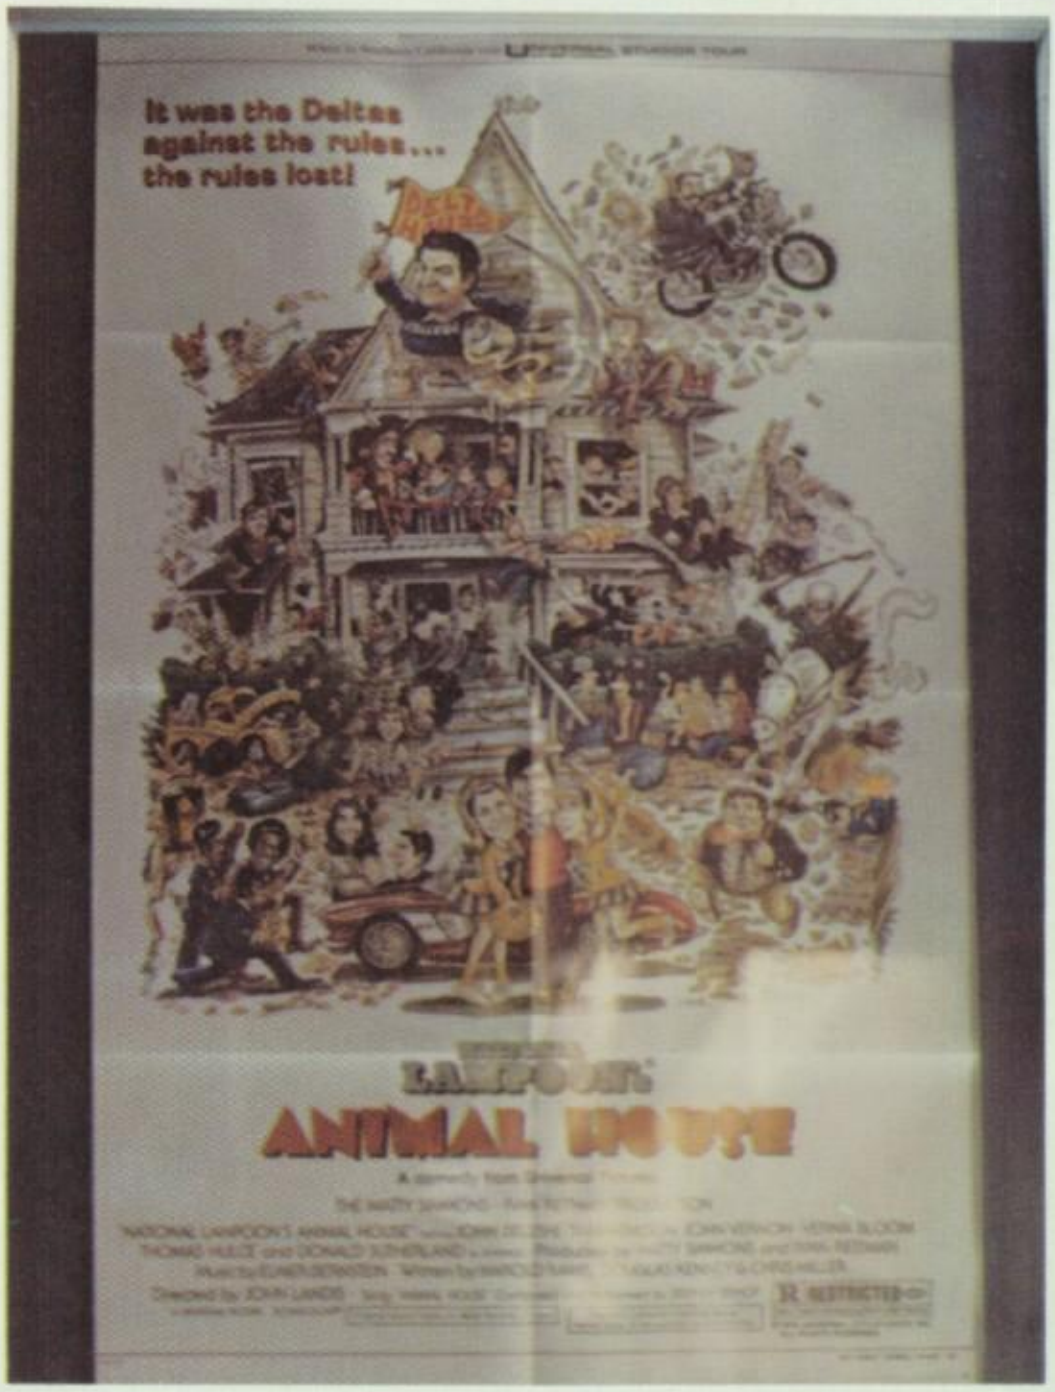

here in this country where freedom rings
the media reminds us of what life brings

all that you touch
all that you see

all that you taste
all you feel

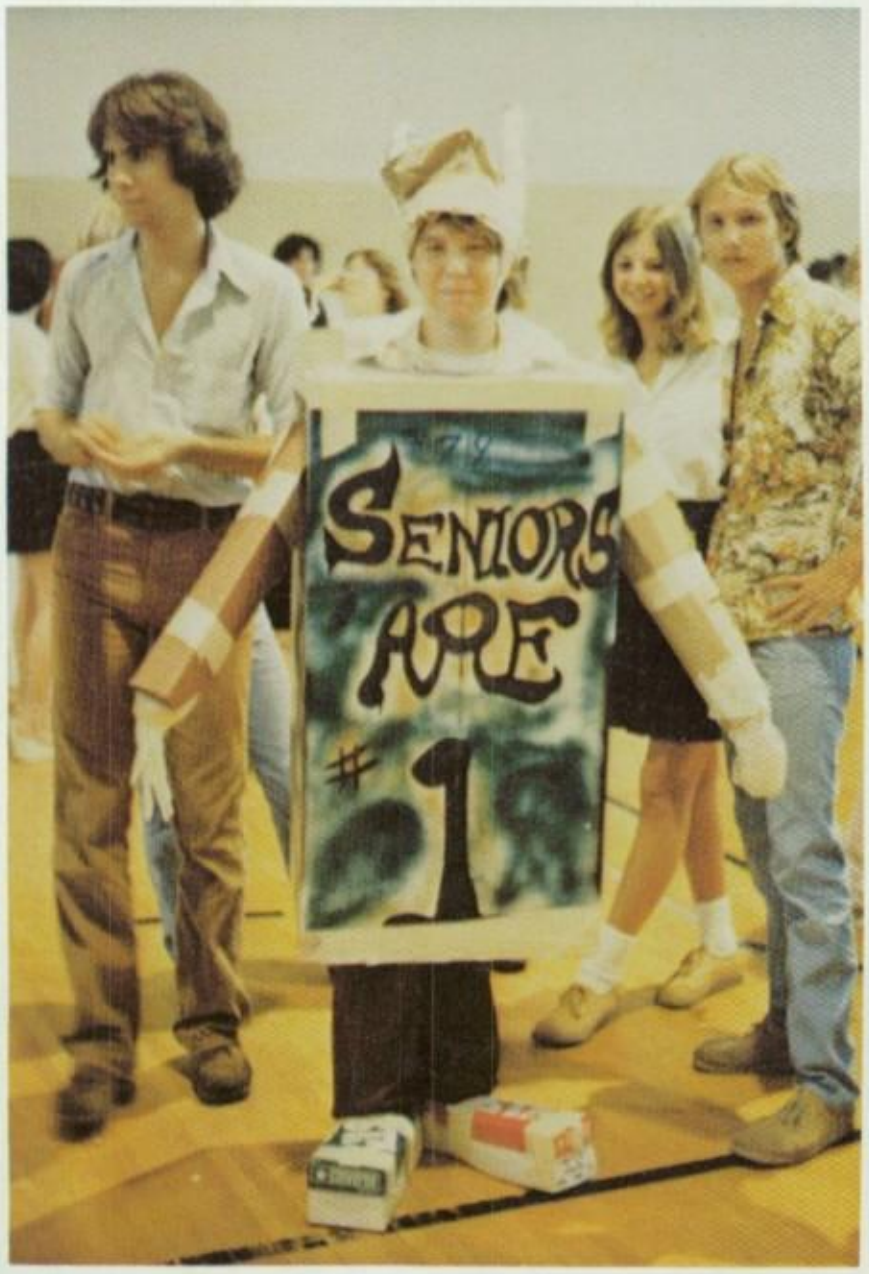

all
that you
love
all that you hate

all you distrust
all you save

all that you give
all that you deal

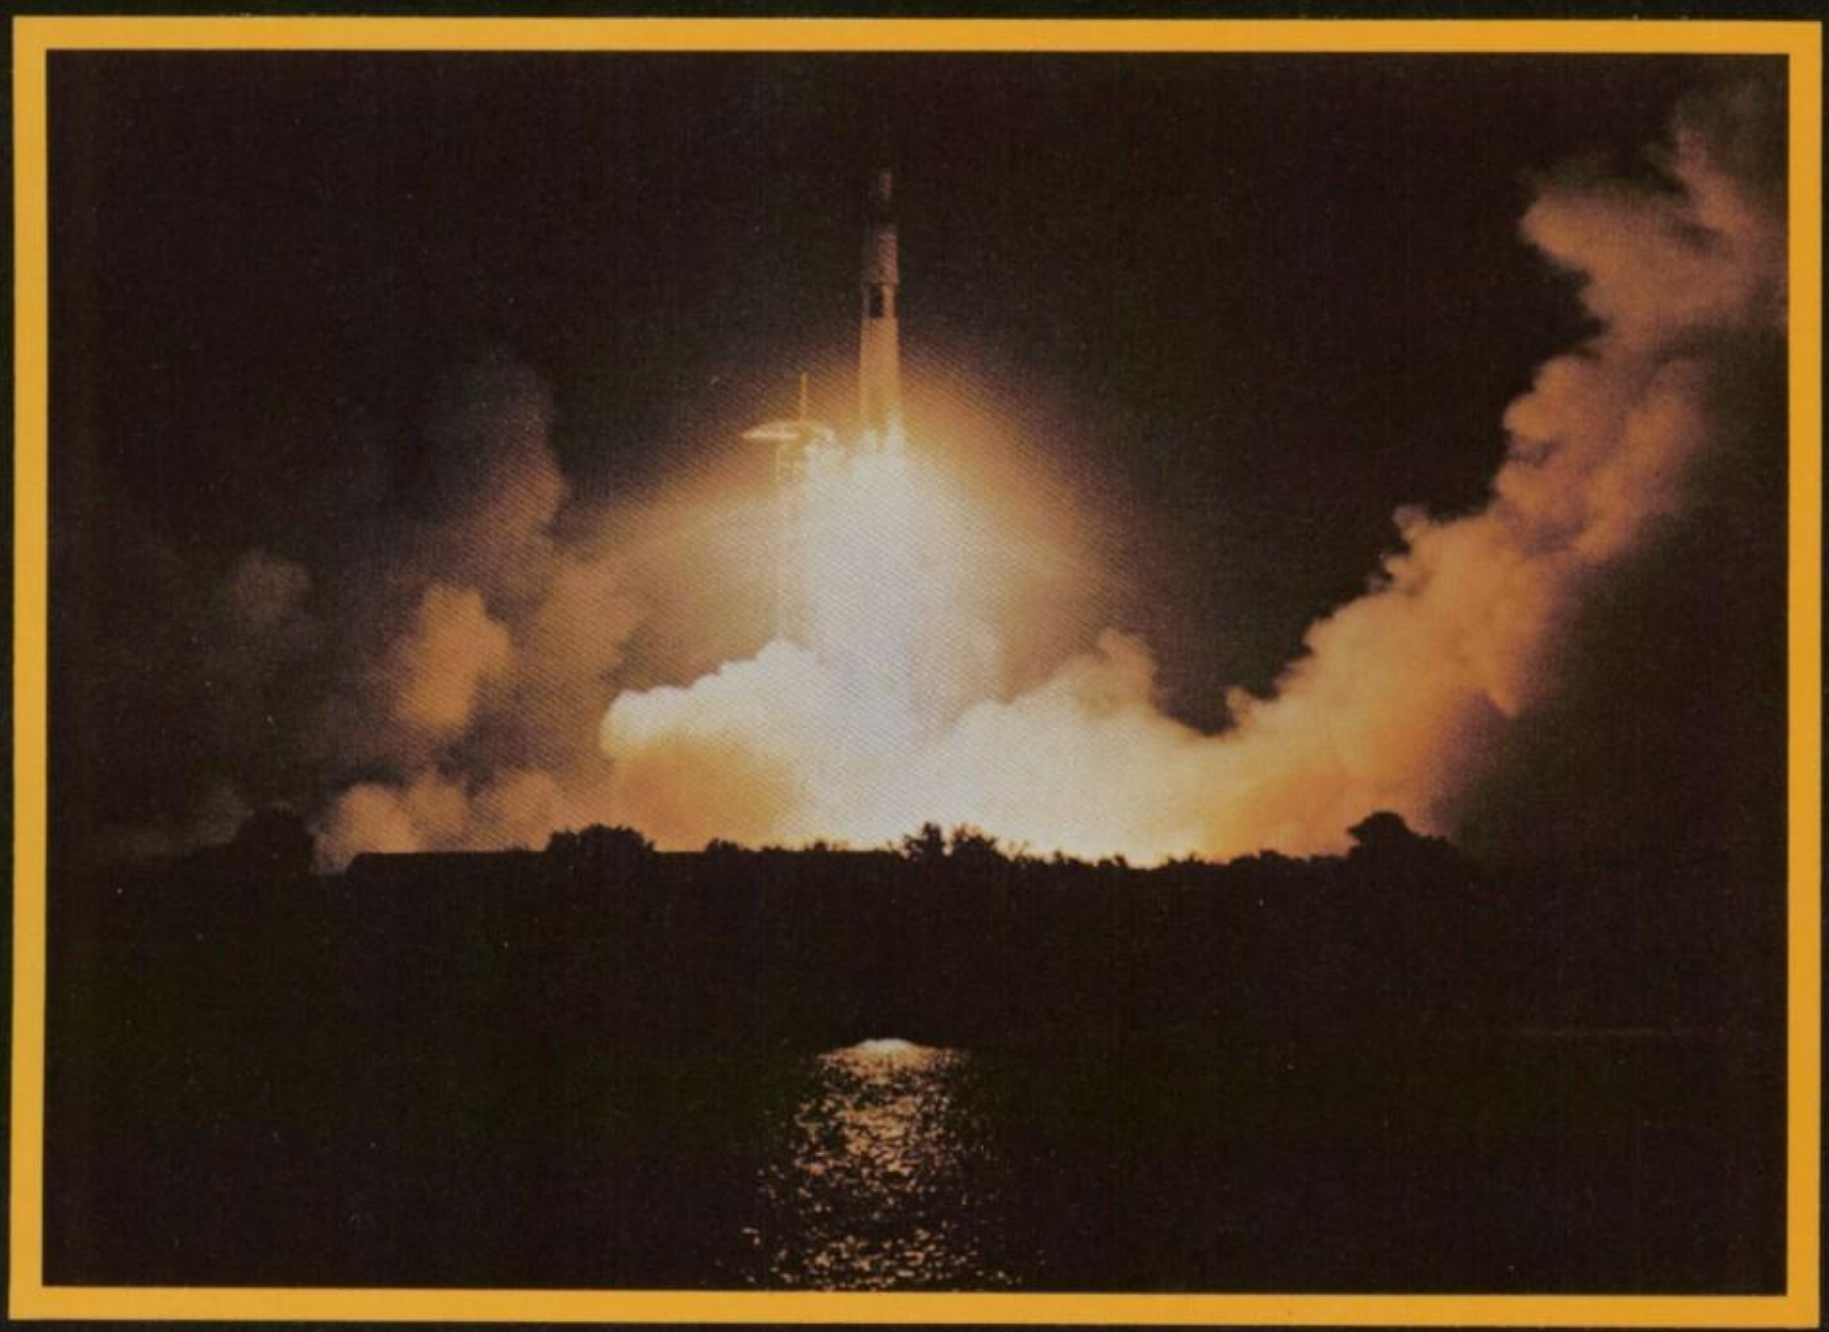

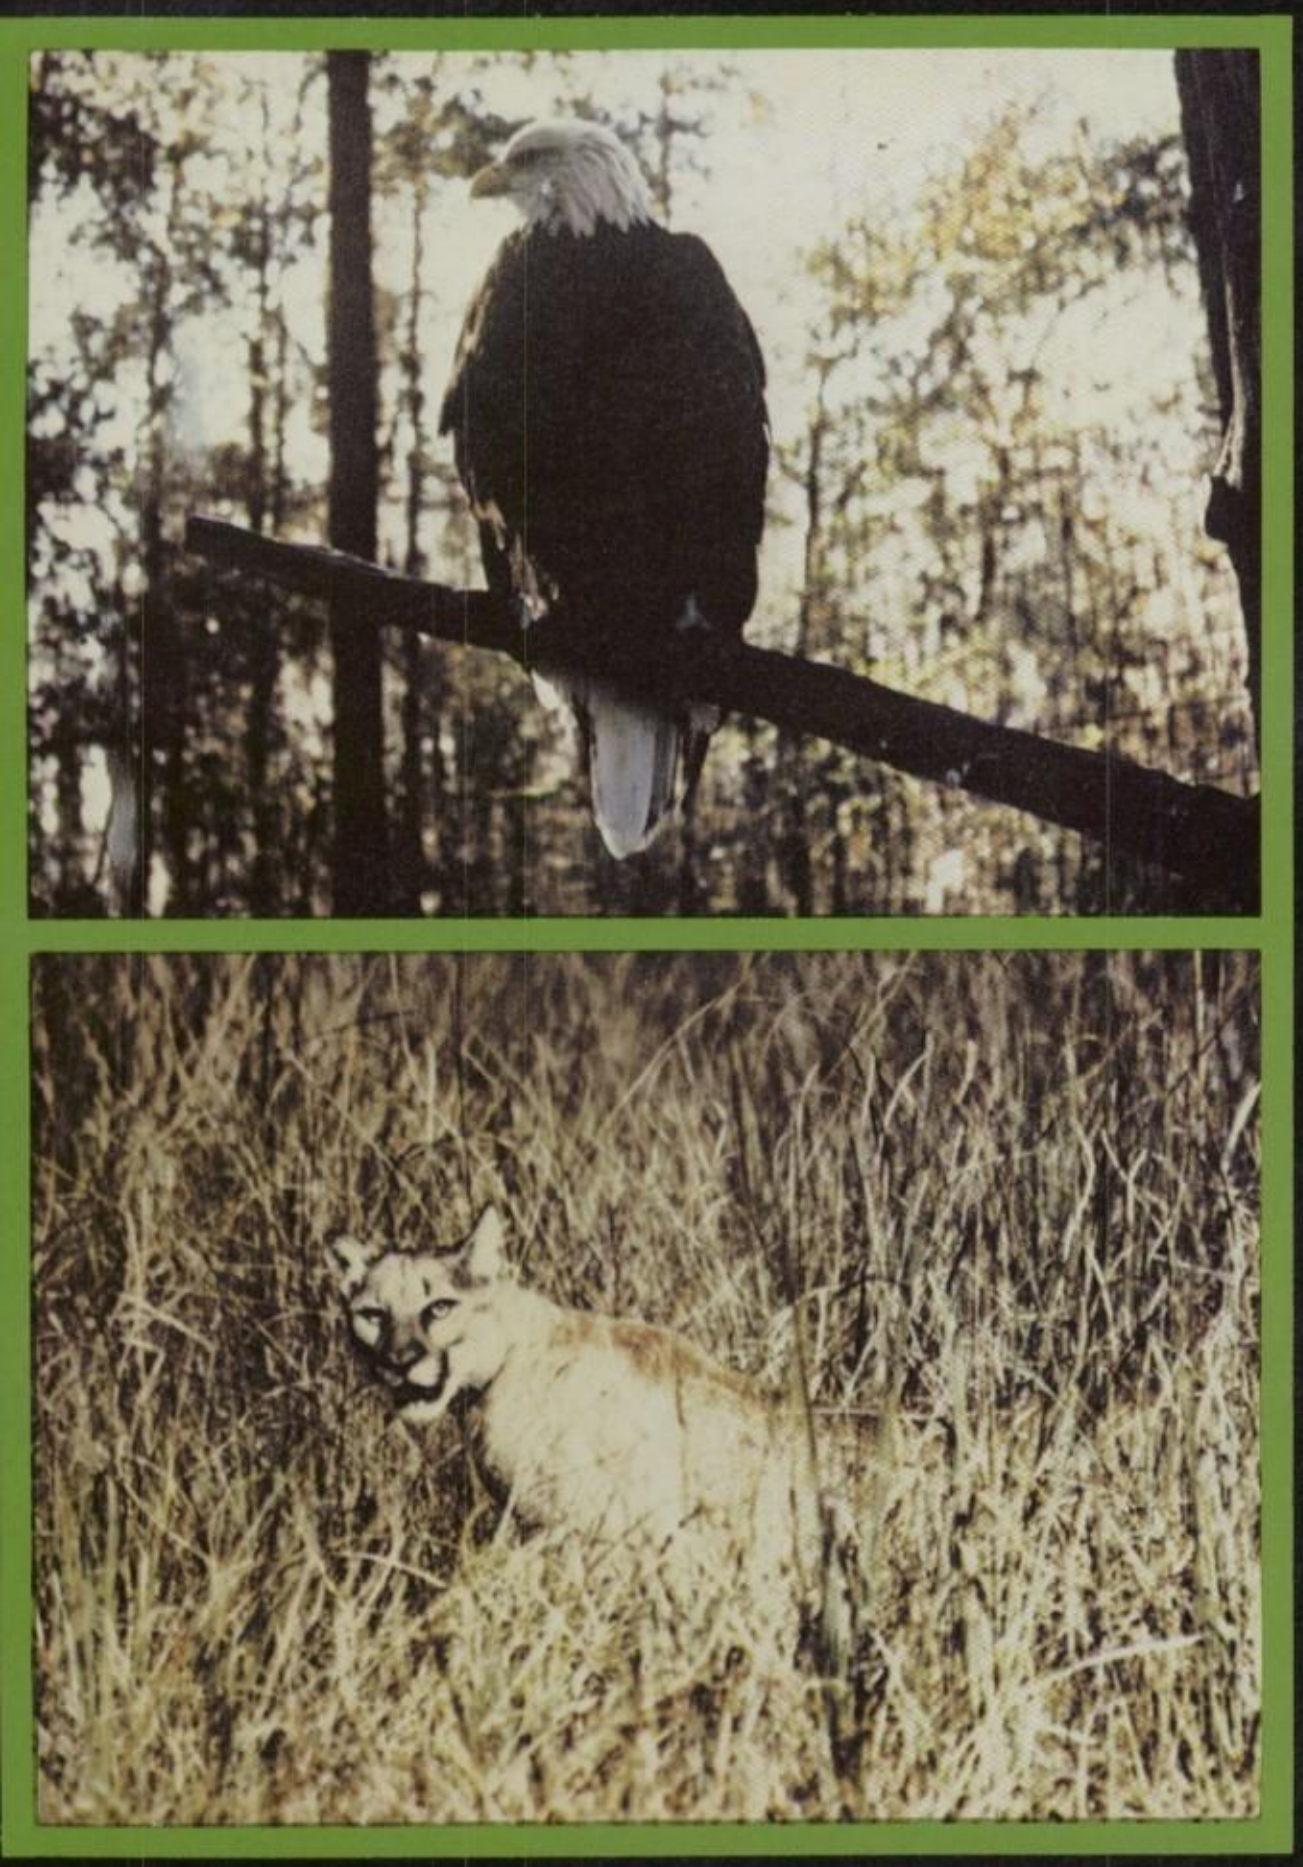

all that you buy
beg
borrow
or steal

all you create

all you destroy

all that you do
all that you say

all that you eat
everyone you meet

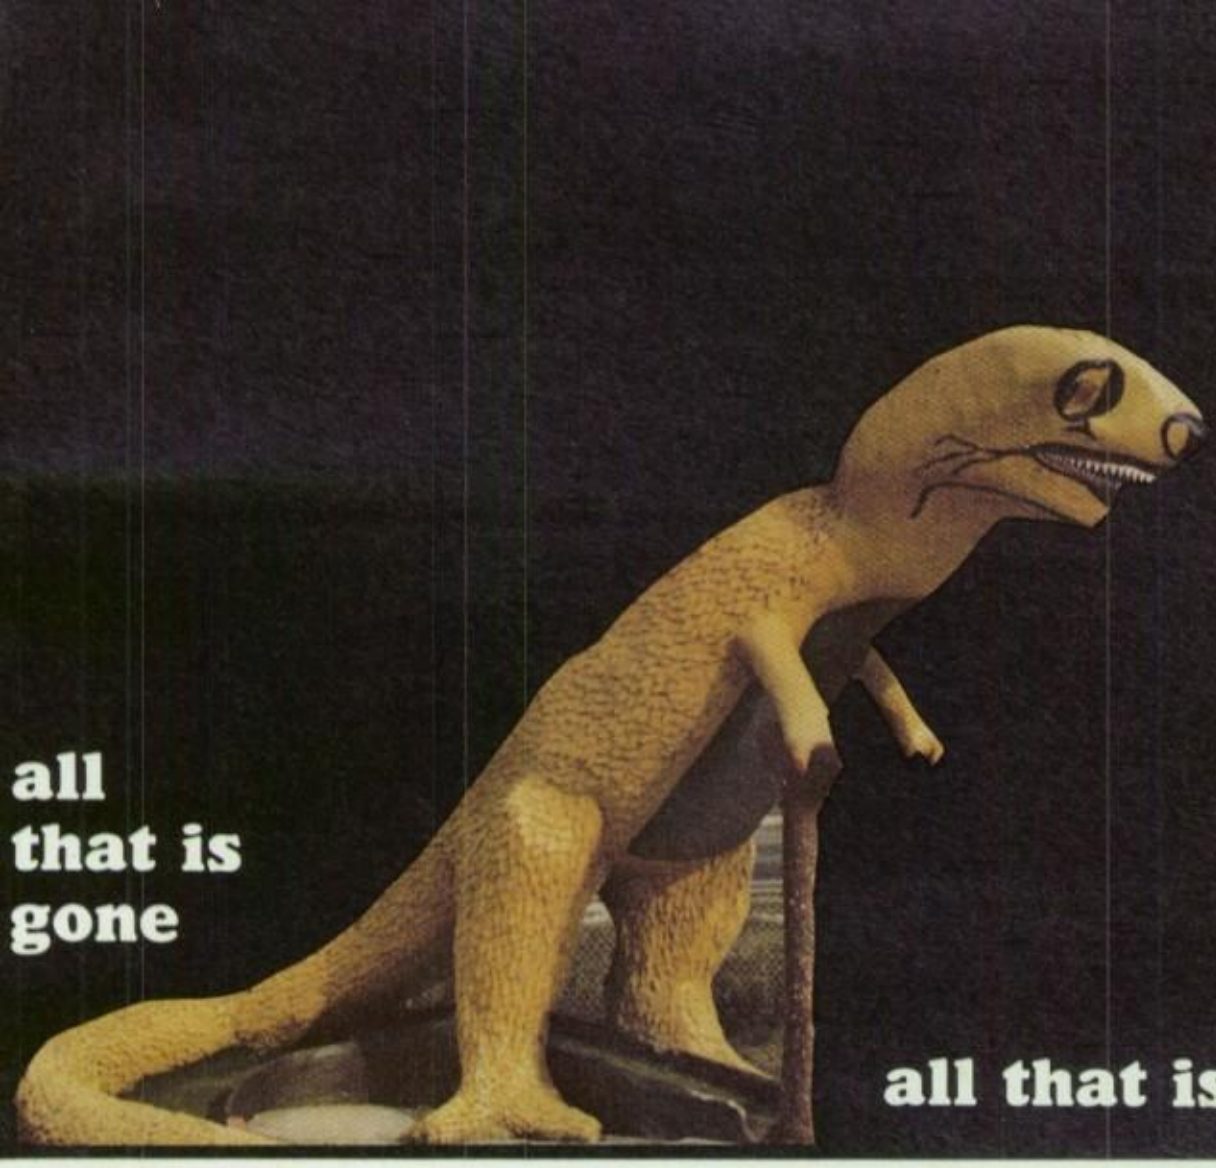

all that you slight
everyone you fight

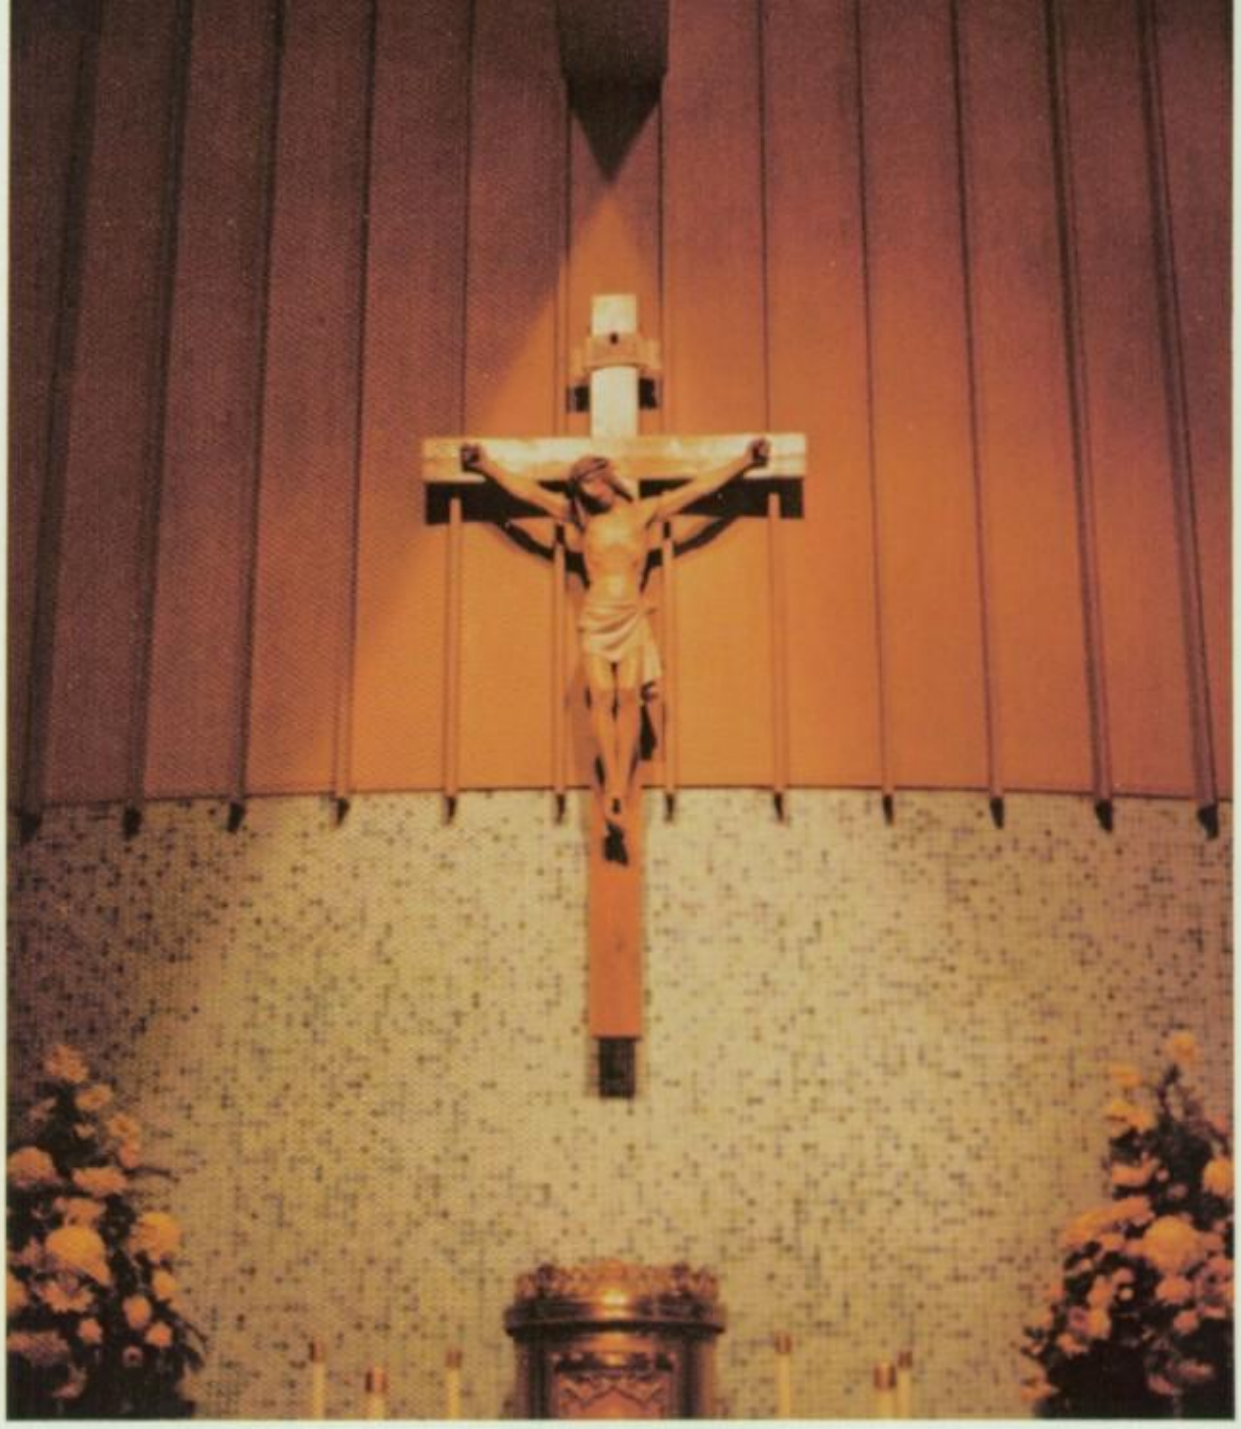

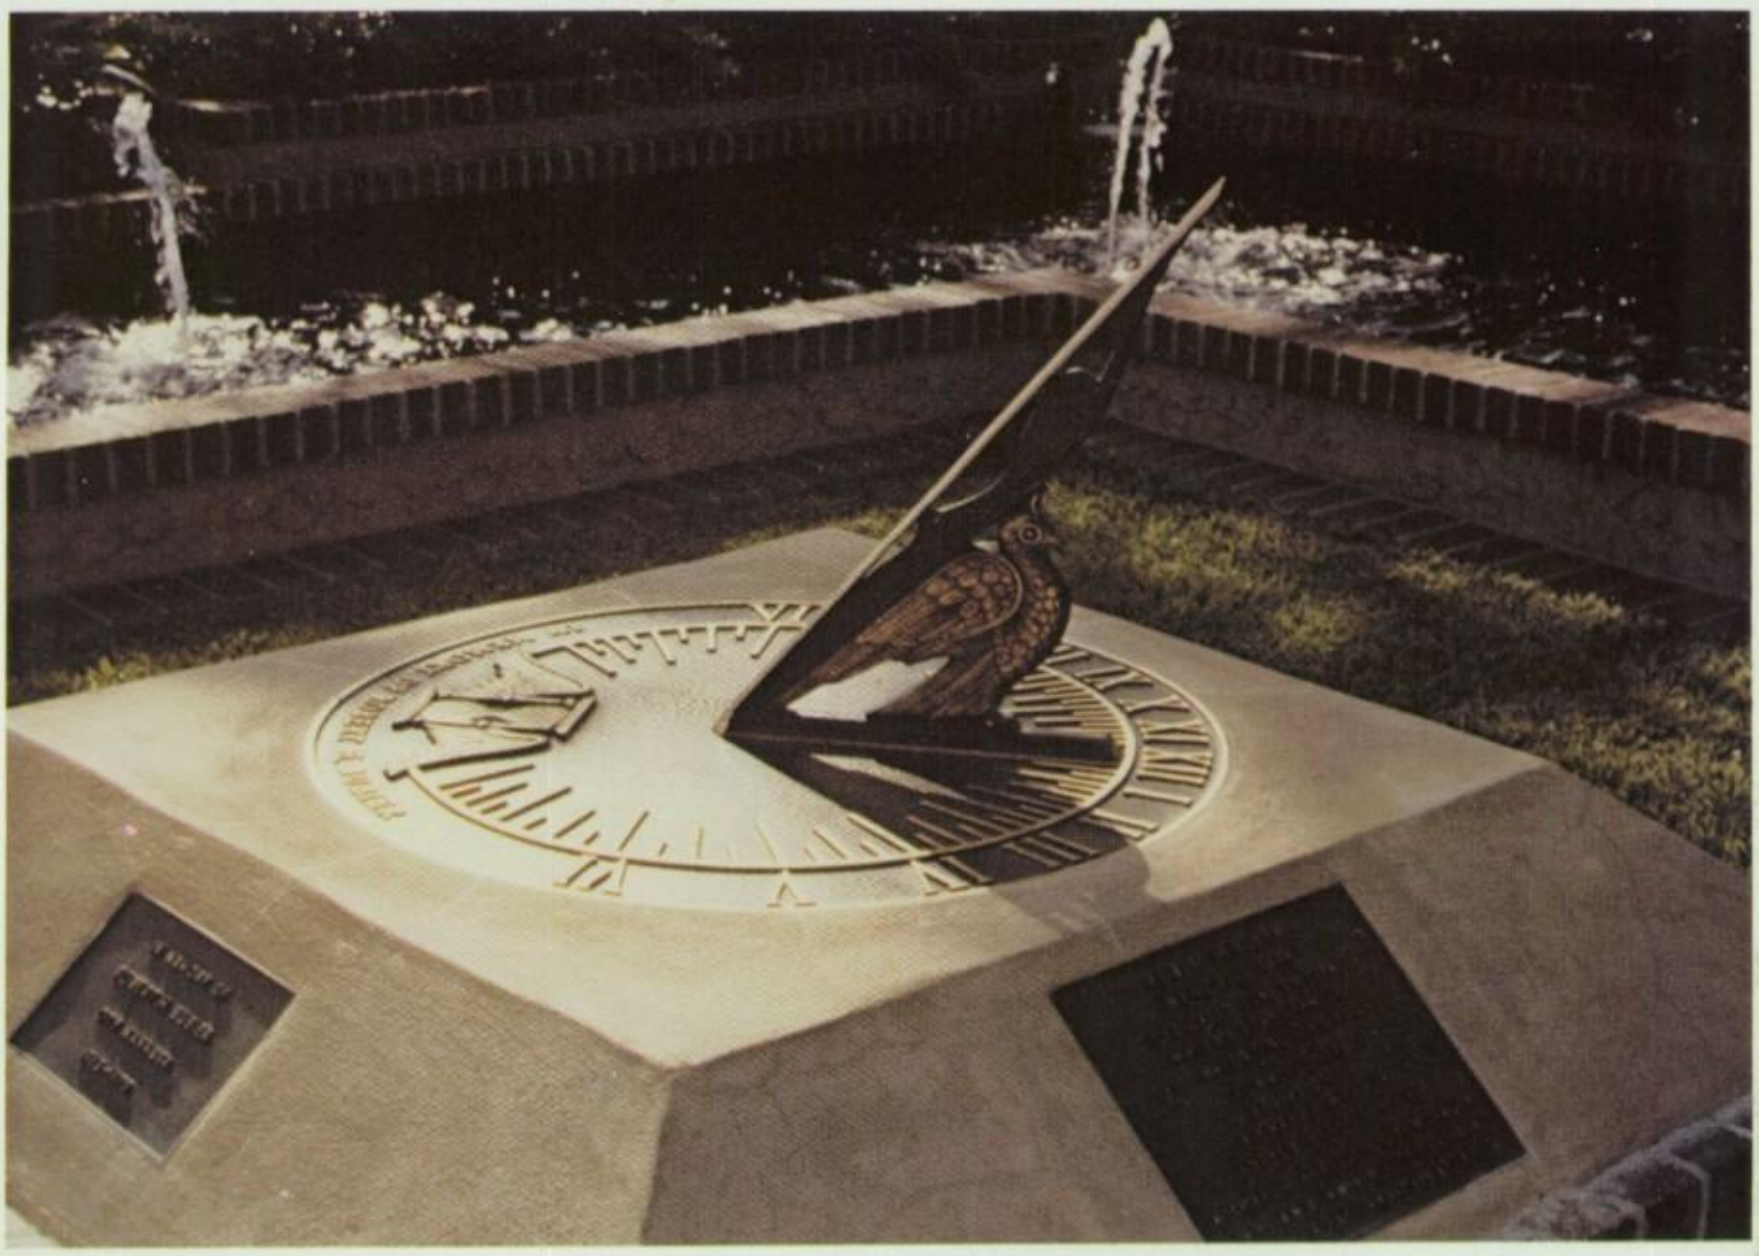

all
that is
gone

all that is now

all that's
to come

Disco Queen!

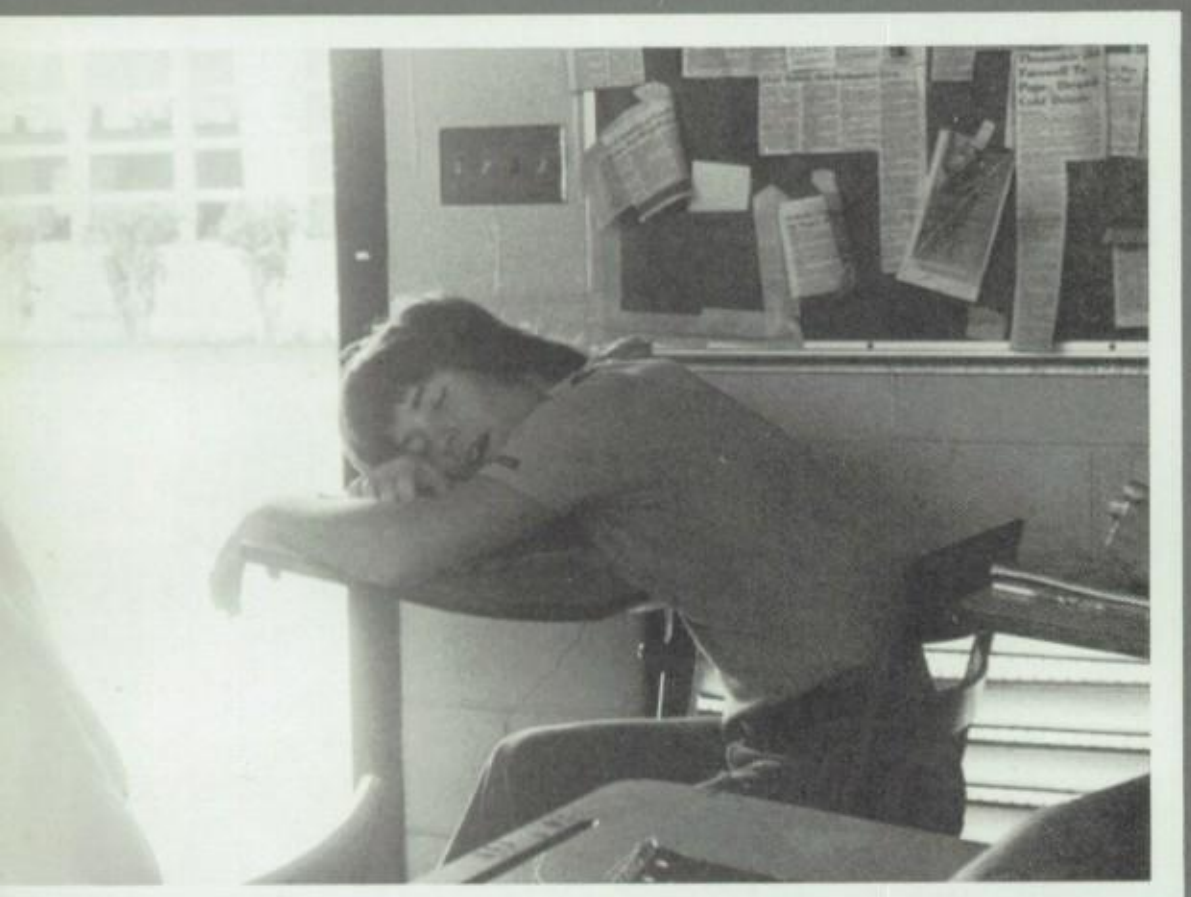

Are you ticklish?

Are they talking about me?

Oh God, please let me pass this test!

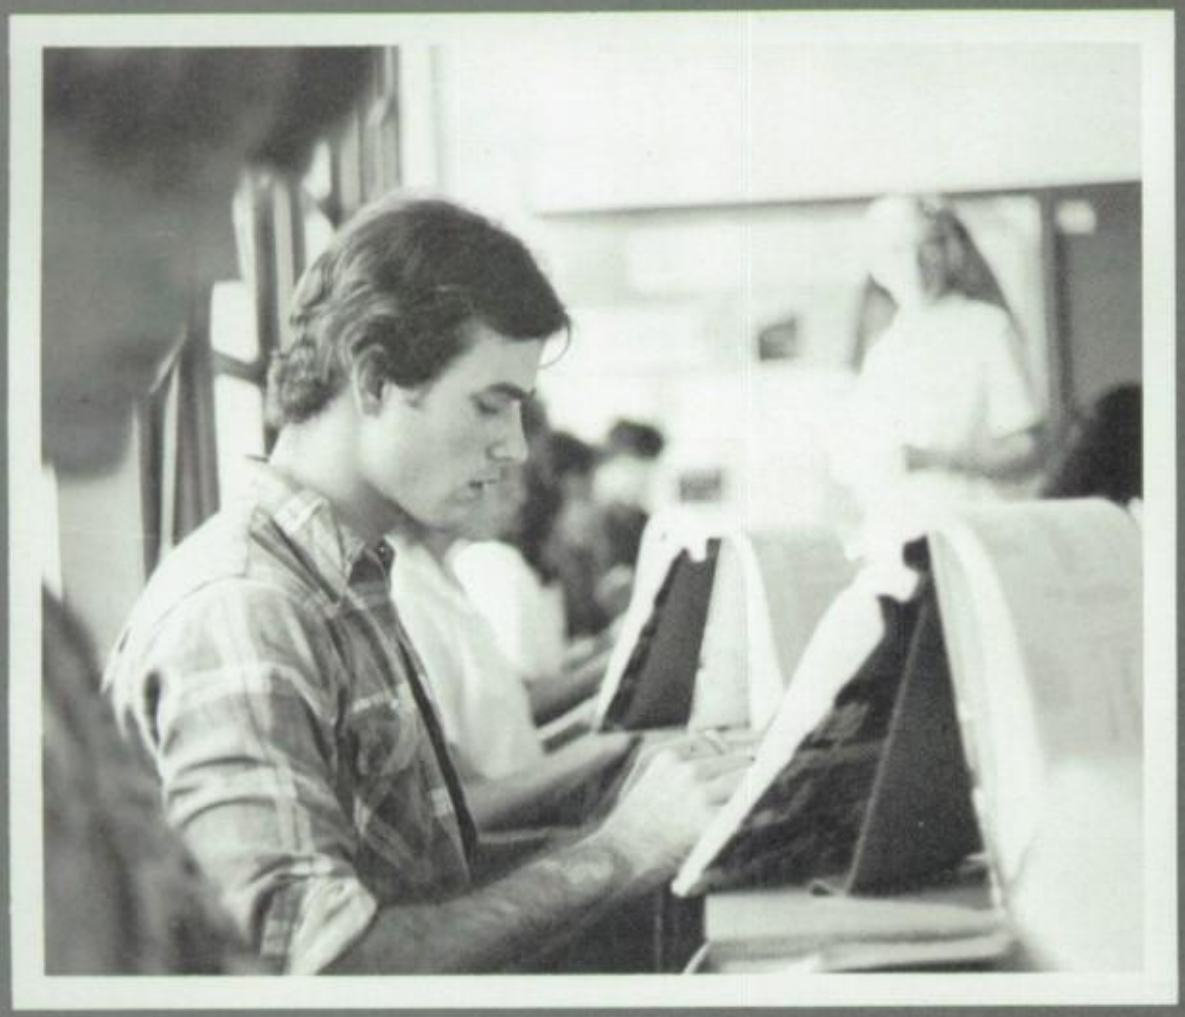

How long before they figure out I'm dead?

Now, where ees ze champagne?

HISTORY OF TH

Live from Fort Lauderdale, it's Ring Day with the "Not Ready for Graduation Players". Today we will look back into the past where we will relive the high points and low points of our journey from lowly freshmandom to the top of the heap, the pick of the pack, the cream of the crop, the seniors of Saint Thomas Aquinas High School. All is as it was then; except You Are There . . .

Dateline: Freshman Year, 1975. We came dressed in our best clothes for our first day of school at St. Thomas. We were warmly welcomed to the gym. As we climbed into the bleachers we wondered why the air conditioning was not turned on. We were nearly asphixiated from heat exhaustion. It took us almost four years to realize that there IS no air conditioning.

We made it through that day but the days to come would be more difficult to withstand. The seniors still had full initiation powers with no limitations or restrictions and an unlimited supply of makeup. An average day might go like this: you enter school all neat and clean, only to have a senior pounce on you and smear makeup all over your face. Next the Senior insisted that you get down on your hands and knees to push a penny down the hall with your nose. Then you would become serious and propose marriage to a garbage can. Finally, to top it off, you would have to carry fifty pounds of a senior's books. We thought this was tough to endure, but little did we know we had Sister Stephanie first hour. We all sat patiently waiting for her to stand and address the class; we didn't know that she was already standing!

We soon had to learn the "Coach Smith Hustle", if we were standing down wind and did not want to get a free shower.

We kept up hope and staggered on toward Homecoming. The overwhelming turnout at the Float meetings led us to build the float "Football, Hot Dogs, Apple Pie, and STA." The floats were paraded in the new Brian Piccolo Memorial Stadium. Our Float placed third, ahead of the sophomores who were fourth only because the numbers didn't go any lower.

We would like to thank the Freshman officers: Ann Curran-President, Ellen Connelly-Vice President, Sue Krider-Treasurer, and Cee Cee Maher-Secretary whose great job of administration will long be remembered.

The discipline was very strict Freshman year. Yes, I am speaking of the tyrant, Dean Strathern. One truly trembled when entering his office for a punishment. He would cast a mean glare and utter harsh words such as "Please don't do it again", and then engage in a hand slap contest. But, we were no challenge, so he left us to become an insurance salesman.

We gave the seniors a Bon Voyage dance at the end of the year. We went all the way and even hired a band, but there was low attendance due to an exciting re-run of "I Love Lucy" on television. The worst was over and the best was yet to come.

Sophomore Year: The second step in our quest for graduation. This year started much the same as the last, but something was missing: fear! This year we looked forward to seeing the incoming freshmen suffer as we had the year before. With the exception of a few shorter members of our class who were initiated again, the week was a happy one. We laughed as we joyfully directed freshmen to the wrong rooms. Though we were still lower classmen, we were upper-lower classmen.

A new Dean was to reign this year. Gone was the iron-fisted rule of Dean Strathern. The new Dean was likeable, easy-going Mr. Roberts. A man with a sense of humor as sharp as a razor's edge, Dean Roberts was known to smile once or twice a day, usually while administering whacks. The famous Biology duo of Robertson-March also surfaced. Mr. March was so well liked by his students that they affectionately nick-named him. Mr. Robertson, on the other hand, employed a strictly "by the book" method of teaching which includes lighting firecrackers in class, throwing preserved frogs around and other acts worthy of the Gong Show. Other famous Sophomore teachers included Mr. Bush with his interesting views on life, and Mr. Martinez, who proved Mexican food isn't the only thing that gives you gas.

The pride of our class was the J. V. football team. An undefeated team made heroes out of our classmates. Coach Hackett's J. V. Raiders will rank as one of the most famous J. V. teams in St. Thomas history. The girls demonstrated their athletic ability in the Cailini competition. Led by Coach Cooper, our Lady Raiders placed second. The highlight of Cailini was the awesome display of brute strength as the girls won the tug-of-war.

One of the most interesting phenomena of Sophomore year was the snowstorm, a howling blizzard that buried S.T.A. in an eighth of an inch deep blanket of snow. Snowball fights broke out and the class erected a giant snowman. On this day St. Thomas was truly a Winter Wonderland.

Though still lowerclassmen, we showed up both junior and senior classes as we won the hall competition with a dazzling display of posters and blue and gold crepe paper. Our float didn't fare as well however, but we proved we were indeed a spirited class.

Our class officers during 1976-77 were: President Reggie Vaughn, Vice President Lori Soderlund, Secretary Pam Bloom and Treasurer Mike Bush. We left St. Thomas knowing that when we returned we would be upperclassmen.

Our junior year would bring many changes to our school life such as second lunch, which never seemed to arrive, and the absence of one period for P.E. What we didn't know is that the year would also bring new faces into the faculty of the Junior class. One of these would include the wittiest teacher we've ever seen, Mr. Johl, the one teacher who could bring his class to perfect order by simply uttering the word "Quaaat!"

We also looked forward to the veteran Mrs. Bagdon, the only teacher with combat experience. She would prove

CLASS OF '79

to us that a failing grade wasn't as hard to achieve as we had previously thought.

As the year began we witnessed many familiar events, such as Freshman Welcome Week. Although we were not yet seniors, there were a few of us who found the temptations too great. So we decided to experience the sweet spoils of the innocent Freshmen one year early, in hopes of perfecting our technique.

The next event in which the Juniors were to show their great talent and teamwork was the '77 Homecoming. Not only did we win the Hall competition, but we also showed the Seniors we weren't someone to be messed with when our Star Wars float won first prize, beating out their version of Charlie the Tuna. This enabled us to look upon the other floats and raise our heads in victory.

Before we knew what was upon us, the football team had overwhelmed their competition and was boasting of being District Champs. Although this was quite an accomplishment, it was nearly equalled by the annual Powder Puff game. Here the Juniors displayed their definitely unique style from the opening kickoff until the final gun. Although the Junior girls were losing, the game was so exhilarating that many girls spent the entire game around the cooler. Unfortunately, experience once again reigned supreme, and the Juniors lost in a staggering 22-0 defeat.

The end of our first semester reflected the close unity between the administration and the students. It was at this time we were informed that our highly regarded Dean of Students, Mr. Roberts, would be leaving us. As the news spread throughout the hallways, one couldn't help but wonder who could replace the infamous Dean Roberts, whose warm smile and kind words we had grown so accustomed to over the last year and a half. In every school passageway, names were uttered as to who would reign victorious as the new dean of students. The school was pleased when it was learned the position would be filled by our own Brother Thomas, the Prince of Justice.

Things proved to run very smoothly under the leadership of our new dean. He initiated several new programs, such as the printing of the absentee list containing only the names of students in attendance that day, in order to save on the cost of printing.

As the year came to a close, we awaited a nice summer vacation yet we also possessed in the back of our minds the knowledge that soon we would have revenge on the lowly freshmen. Three years of waiting was about to pay off . . .

Toga! Yes, Togamania hit us as soon as the first bell rang for our final year at S.T.A.

With this on our minds, we headed toward Hell--er, Welcome--Week for the freshmen. We were out for revenge and revenge we got. They were dressed in very strange costumes: guys dressed as girls, girls dressed as guys, frogmen, robots and in togas.

Initiation--er, Welcome--Week was barely over when we were faced with Homecoming. We won the hall competition for the third year so we concentrated on our float. It was great-Snoopy gunning down the Red Baron-but the judges didn't think so. Our float tied the Freshman float for second place, which is particularly interesting since the freshmen had a little help from kindly but uncompetitive seniors. Thanks again to Barb Milo for letting us build the float in her garage.

Our senior year introduced us to our fourth dean in as many years. Mr. Mullenhour combined the best qualities of Mr. Roberts (he smiles about once a week), Brother Thomas (he issues extensive absentee lists), and Dean Strathern (his kindness extends to substituting raffle tickets for detentions).

On the sports side, the Varsity football team was number one in the state, with a 7-0 record at Homecoming and a season record of 10-1, the best in the history of S.T.A. Their overall record during the '78 season was 23-1, which includes Freshman and J.V. records of 6-0 and 7-0 respectively.

Now the biggest game of the year faced us: Powder Puff. Our girls were determined to win after last year's staggering defeat. It was a grueling first half, with hair and eyelashes pulled out and fingernails broken. Then the cheerleaders went at it . . . The seniors rumbled with the juniors and after the last water balloon was thrown, the seniors chased the juniors out of the stadium. The second half began, and as the game wore on neither team could score. Then with 15 seconds left in the game, a pass was thrown, caught, and the seniors had won.

Our senior class officers, Randy Scott, Mary Orlando, Jodi Joy, and Ann Pancallo, did an excellent job and we thank them.

Now, at Ring Day, with half our senior year behind us, we look forward to our SAT scores, college acceptances, Grad Night, and graduation.

Through the years, we have changed from frightened sheep to the masters of future destiny. We must acknowledge our guides on the trek, the teachers and the administration. Each of them has imparted to us his own special tidbit of wisdom . . .

We learned that it is important to be "Quaaat!" while discussing REDOX,

that Oscar Has A Heap Of Apples,

that "Ours is not to reason why . . . ",

We learned the joyous victory of becoming fully human persons, and the agonizing defeat of becoming a confirmed Key-Peeker. We've had our fads down through the years, from having the Force be with us, to getting small, to "Nanu-nanu", to wearing the most outlandish toga.

We would like to thank all our teachers, past and present, for helping to guide us through "the greatest years of our lives", and for being there when we needed them. Most of all, however, we would like to thank everyone in the Class of '79 for all the great memories we have accumulated. We shall all cherish these memories long after we leave these hallowed halls.

Being moderator of a yearbook for the first time, especially when one has no idea what she is doing, is not a simple task. Therefore, much gratitude is due to the people who shared their knowledge and gave assistance "above and beyond the call of duty."

MAUS & HOFFMAN.

You'll see it all along Florida's famous Gold Coast from Palm Beach to Miami. . . It's the Maus and Hoffman Look—crisp, clean, smart, understated but, definitely unmistakable. It comes from an expert blending of rich fabrics, superb styling and Hickey-Freeman hand-tailoring. It's for the man who appreciates the finer things in life.

Dear Graduates,

As you finish these years of competitive learning, test-taking and goal-seeking, I hope you'll continue to follow the paths you have chosen in life. Whether it involves further formal education or learning by practical experience, continue to compete with yourself and friends in striving for excellence. Know the feeling of satisfaction in doing your best always. If you have no more teachers, be sure to test yourself -- don't let your life "fail" in achievement or happiness. Each day, be happy in reaching a goal, no matter how small; and, always set another for tomarrow.

As you graduate, I hope many of you stay in this neighborhood, or, return here after college, to help perpetuate the fine character of this community. And when you do, I hope you'll look upon Scot Drug Mutual as the neighborhood pharmacy we have tried to be.

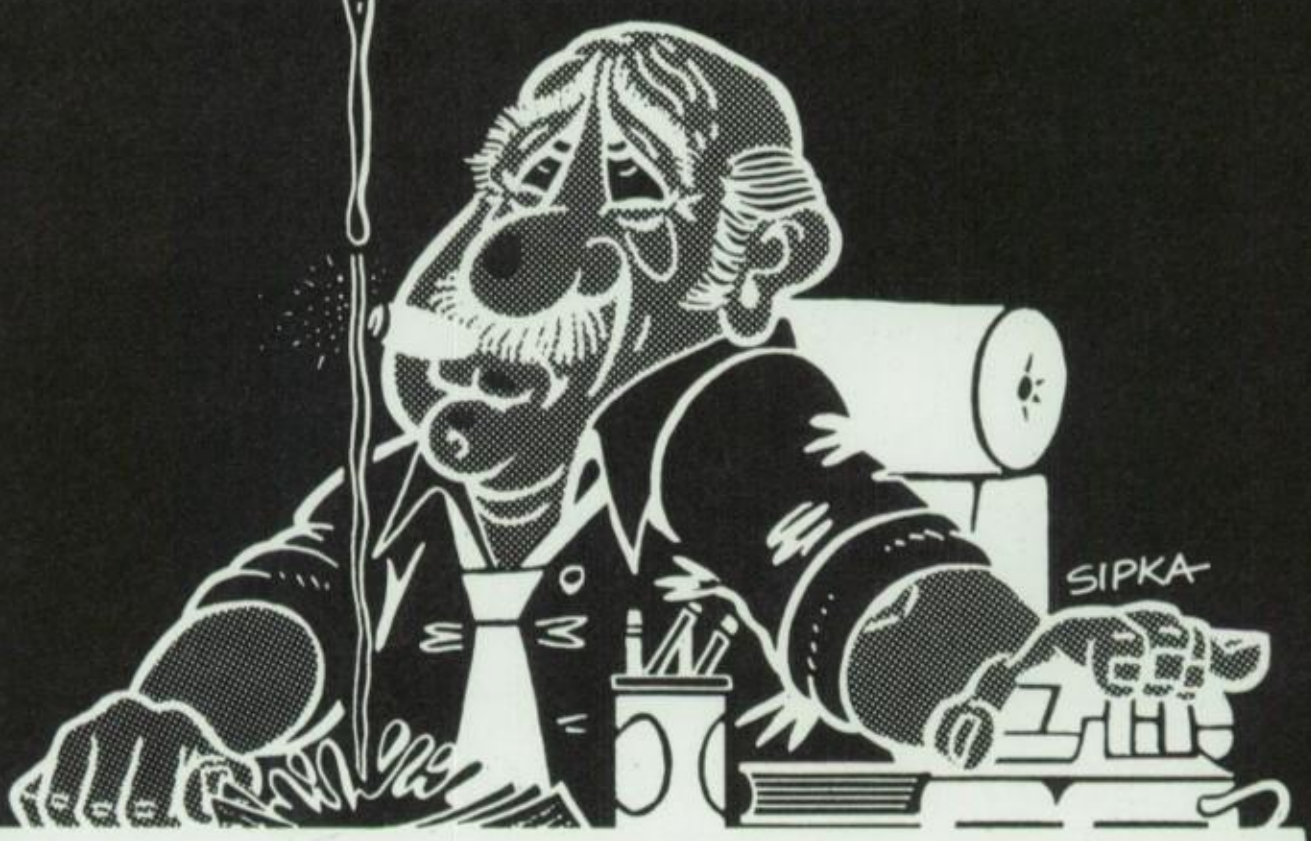

Lots of Luck !!

Sincerely,

David J. Hitchcock

OVERHEAD PROBLEMS?

No matter what kind of structure you own, a leaky roof is bad business. Before you try your luck with patches or budget for a whole new roof, call MarKem. MarKem Elastic Waterproofing is neither a paint nor a sealer. It's an impenetrable acrylic membrane that will stretch without breaking. Applied over your existing roof, it prevents leaks and acts as another insulating layer against heat. Best of all, we'll guarantee it for 10 years. Call us now for the full details.

FOR SERIOUS RUNNERS.

Running is our life. Just as it is yours. We are serious runners. We are Marty Liquori, Greg Fredericks, Ken Schappert, Jeff Howser, Mel Pender, Steve Foster, and many more. In fact, the great majority of our stores are managed by accomplished athletes.

We founded Athletic Attic to provide top quality gear to serious runners like ourselves. And like yourself.

We've been to that breaking point. We've run those hundred mile weeks. So when we select a product for our shelves, we go about it very seriously. And we apply our experience thoroughly.

The result — Athletic Attic consistently has the best selection of running shoes and equipment available anywhere. So if you're serious about running at your best, come to Athletic Attic. We've got what you're looking for. Seriously
